4.5. The client must accept the quotation per electronic signature. The Agreement is entered into at the moment the quotation is accepted by the Client.

4.6. An Agreement is equally entered into at the time that helphouse.io confirms an assignment from the Client who has already accepted the Terms and Conditions in the context of a different assignment.

4.7. Only the description of the Service indicated in the Agreement is binding.

5. Execution of the Service

5.1. After the conclusion of the Agreement, helphouse.io will execute the Service in accordance with the Agreement.

5.2. helphouse.io guarantees that the Service will be executed in a professional manner, with due care and skill. This concerns an obligation of means whereby helphouse.io will in no way be liable for not achieving the result that the Client intended if this intention is not clearly described in the Agreement.

6.5. If a Service is performed in phases, the Client must give approval or rejection of the result of that phase after completion of each phase according to the agreed delivery acceptance. The Client may not base rejection of the result of a later phase on matters that have been approved at an earlier stage. If the Client rejects a Service or a refund in accordance with the previous paragraph at a later stage, no refund will be given for the already approved Service(s) in (a) previous/other phase(s), even if these are related to each other. helphouse.io cannot use approval of a delivered phase to dispute a rejection of a later phase/delivery.

7. Changes to the Service

7.1. Any changes to the Service, requested by the Client will be handled as a change request.

9.3. helphouse.io is obliged to investigate the correctness, completeness, or consistency of the source materials, requirements, or specifications made available to it by the Client before the Agreement is signed. If helphouse.io in doing so identifies any shortcomings, it can ask to deliver what is needed to sign the agreement.

9.4.
